In pursuit of Paradox – February 1, 2023 – 7 pm in Church Auditorium

How we learn about God and the Cosmos

Presented by: Dr. Jenna Freudenburg

Being humans, we want to understand the mysteries of the world we inhabit. One of the most puzzling mysteries in science is the fact that the fabric of our universe is expanding at an ever-increasing speed. To understand the relationship between this unexpected behaviour and the contents of the cosmos, scientists are pushing current theories to their breaking point in hopes of inspiring a new understanding of how the universe works. This blueprint for gaining understanding by seeking out contradictions goes beyond the scientific world: it is applicable in religious life as well. In this talk, Dr. Jenna Freudenburg will discuss how pursuing paradox can lead to both knowledge of the natural world and knowledge of God.

Dr. Freudenburg is a postdoctoral fellow in Astronomy and Astrophysics at the University of Toronto. In addition to a PhD in astronomy, she holds a master’s degree in Science and Religion from the University of Edinburgh.

All are welcome!

With Angels and Archangels Hymnal:

The Hymn book that the parish has been using for many years is an American book that is no longer in print. As many are old and need to be replaced, the parish will be purchasing a set of the Archdiocesan hymnal “With Angels and Archangels.” These books cost \$30.00 per book. In order to purchase these, the parish is inviting parishioners to dedicate books in memory of deceased loved ones at \$30.00 a book. A dedication label will appear with the name in front of each book. Envelopes for this purpose can be found at the back of the Church and placed in the collection basket. With your generous assistance, we hope to have these books available for the Holy Week of 2023. Thank you for your support!

“I waited patiently for the Lord; he inclined to me and heard my cry. He put a new song in my mouth, a song of praise to our God.” – Psalm 40
